

HL/ZL LAB SCALE POWDER COMPACT MACHINES

Experimental powder machine

Hydraulic laboratory powder press

Booster cylinder laboratory powder press

Application

This machines is about to launch experiment powder compact as to evaluate the capacity statictis and the potential problem in the final product.

Feature

- ◆ Simple structure to operate easily.

主要参数 Main parameters laboratory powder compact machines

型号	Model	HL	ZL
类型	Type	Hydraulic type 油压型	Airdraulic 增压缸型
外形尺寸	Outer dimension	610 × 580 × 850mm(L × W × H)	300 × 450 × 700mm(L × W × H)
电压	Voltage	AC380V(220V), 3P, 50/60HZ	220V, 1P, 50/60HZ
功率	Power	2.5KW	0.6KW
油缸直径	Oil cylinder diameter	150mm	63mm/100mm
有效压粉面积	Effective pressing area	200 × 200mm	150 × 150mm
重量	Weight	110KG	80KG
